Stretch Film

# POWER EDGE PCR™

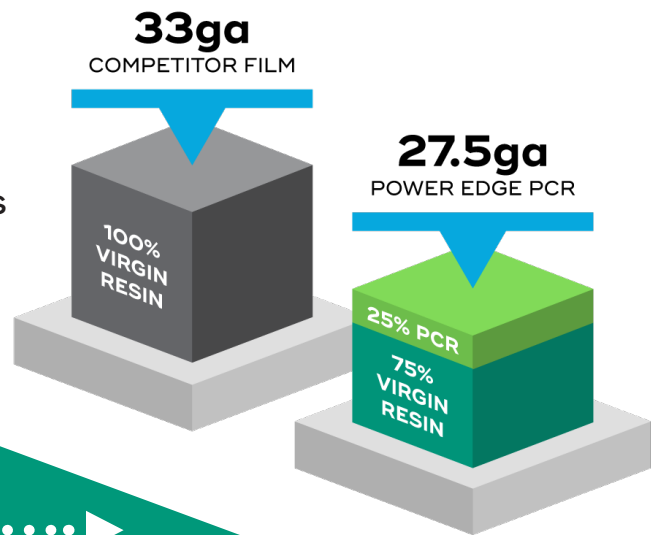

Uses less virgin plastic than any other handfilm on the market

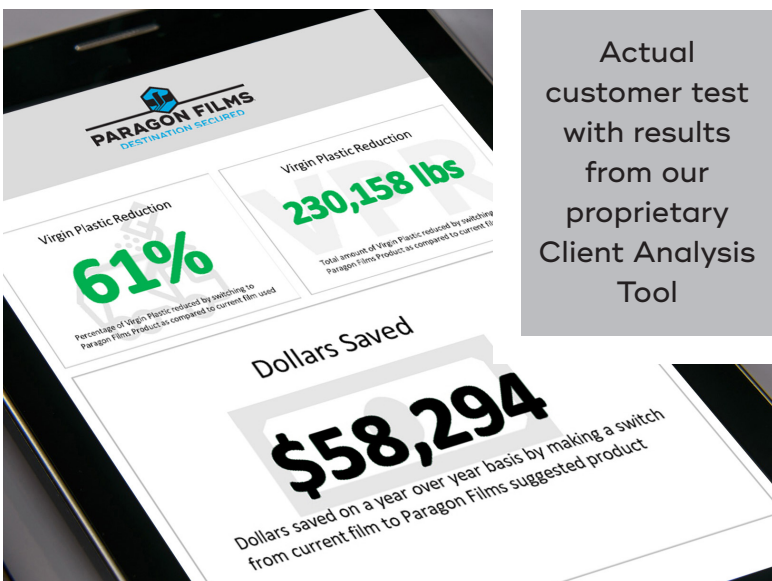

MINIMUM 25% RECYCLED CONTENT  
POST-CONSUMER

**Power Edge PCR 4025 PE25.070377V610** 27.5ga | 14.84"W | 2000'L | Bulk

- ▶ Minimized handfilm virgin plastic use
- ▶ A certified 25% Post Consumer Recycled (PCR) stretch film designed to support circularity
- ▶ Down gauging = sustainability/cost savings
- ▶ Folded edges for increased strength
- ▶ Puncture + tear resistance for ABC loads
- ▶ 100% recyclability

Gives you a **38%** reduction in virgin plastic use .....
